Summary

I love writing codes that solve unique problems and create solutions that drive business growth, I'm a performance-driven and motivated Full-Stack Developer. I have experience working with large-scale systems, and have built highly responsive websites and web applications. I have 4+ years of practical knowledge in PHP/Laravel/Livewire, WordPress, JavaScript/AlpineJS, Bootstrap/TailwindCSS. I'm currently learning VueJS for single-page applications (SPA) and hybrid mobile apps.
